ROQUEBRUNE-CAP-MARTIN

THE JEWEL OF THE FRENCH RIVIERA

The striking modernist architecture of The Maybourne Riviera forges its way into the glistening Mediterranean sea. Dramatic views of the coastline take in Cap Martin and Italy to the east, Monte Carlo to the west, all bathed in brilliant light. The setting is unrivalled, the never-ending sea and sky viewed from every room, and as you step out into the warm, saltwater breeze, all it takes is a moment to softly slip into Riviera time.

ROOMS & SUITES

Floor-to-ceiling windows flood each of the 69 rooms and suites at The Maybourne Riviera with golden light. Spaciously designed, all 45 rooms and 24 suites begin from 41m² and have panoramic sea views from their private terraces or balconies. Some suites offer a split-level aspect and many have private horizon plunge pools.

These unique spaces have been created by world-renowned designers and architects from BOS Studio to Pierre Yovanovitch and are inspired by the verdant landscape of the surrounding Roquebrune-Cap-Martin and the spectacular views of the sea beyond. Their bespoke design is informed by the region's modernist architecture and the sweeping brushstrokes of artistic legacy, from Cézanne to Coco Chanel to Le Corbusier.

RESTAURANTS & BARS

The Maybourne Riviera is set to become an outstanding gastronomic destination on the Cote d'Azur with a host of restaurants under the creative direction of two of the finest chefs and restaurateurs in the world. The legendary Mauro Colagreco of three-Michelin star Mirazur in nearby Menton and holder of the No. 1 position in the World's 50 Best Restaurants, will bring his vision of the region. Located within the enviable top floor with panoramic views, the restaurant will draw on one of his favourite themes, the sea.

Sitting alongside, global super-chef Jean-Georges Vongerichten will launch his first outpost in the South of France, with cuisine inspired by the hotel's location on the French Italian border. Japanese chef Hiro Sato will also bring his world class sushi to The Maybourne Riviera.

LE PIANO BAR

Enter the serenity of Le Piano Bar, a seamless space designed for an aperitif at sunset or a final nightcap with its uninterrupted panorama and the echoes of live music.

WELLNESS

Discover sweeping views across warm terracotta rooftops to the azure horizon beyond from the hotel's restored ancient gardens with walled walkways running alongside citrus and olive groves and a seasonal herb garden.

Unwind with a leisurely afternoon beside the infinity pool, complete with its revitalising poolside restaurant. Or take to the tranquillity of the indoor pool and André Fu-designed spa where a holistic focus on wellness is complemented by an extensive fitness suite, a hammam and restorative treatments.

CONFERENCE, MEETING & PRIVATE DINING SPACES

From gala dinners for up to 250 guests to wedding receptions or discreet meetings, The Maybourne Riviera presents a number of private event spaces including two stunning ballrooms, one of which is outdoors with a custom-designed marquee seating 300 guests. Both offer seascape views along the coastline; the ultimate backdrop for any social or corporate occasion.
